

## HEALTH & SAFETY

The health and safety of our attendees at the Network Meeting is a top priority. Please review the following details to ensure a safe and positive experience for all in attendance.

### Riverfront Conference Center at the University of Michigan Flint Event Safety

[Please review the safety protocols that are in place at the event venue here.](#)

### Accessibility

At the time of registration, please let us know if there are any accessibility needs you'd like to disclose to help us ensure a positive event experience at the Network Meeting. We will do our best to accommodate any requests.

### COVID-19 and other Communicable Illnesses

The Network Meeting organizers cannot provide specific risk levels for travel and meeting activities. It is important to consider your personal situation and risk to you and other attendees before participating on-site. All attendees are required to comply with all applicable regulations imposed by federal, state, and/or local health authorities and government mandates, and must adhere by all safety precautions established by the organizer and venue.

In partnership with the event venue, we are working to create a safe and healthy environment for the event and will adhere to guidance provided by local health officials along with the Centers for Disease Control and Prevention (CDC). The following protocols are subject to change pending updates by federal and local health officials; updates will be announced via email.

- Masks are welcome but not required
- Respect other attendee comfort levels with proximity/physical touch by kindly asking their preference for physical distancing
- All participants will be encouraged to wash their hands regularly; sanitation stations will also be readily available
- If you are sick: If you are experiencing (or within 14 days prior to the event have experienced) signs and symptoms of COVID-19, please do not attend the meeting
- Guest access: All participants must always wear their name badge while in the meeting venue; unregistered guests will not be allowed in the meeting space
- Contact tracing: Following local & CDC guidance at the time of the conference, the organizer will conduct contact tracing, in combination with isolation and quarantine for staff, attendees or speakers who show symptoms of COVID-19
