BIGGEST SUCCESS

Almost getting to full enrollment and providing coaching, FPAs, and 45 day screeners on time.

BIGGEST CHALLENGE

The biggest challenge is completing renovations with a budget of less than 250k per site to bring buildings up to HSPPS, while adhering to time lines. The time restraints were challenging and required carryover requests, as renovations aren't quickly done. Many of the facility work took time for the permitting process, negotiations, planning, designs, etc.
